

LDX

SOLUTIONS

LDX Solutions has a history in the Air Pollution (APC) industry dating back to 1947. We offer unique advantages which differentiate our products and technologies from our competitors with the Dustex® and Geoenergy® brands.

LDX Solutions provides compliance support and turnkey solutions for control of particulate matter, heavy metals, non-condensable & acid gases, VOCs, and HAPs through the design and engineering of a wide range of products:

- Circulating Dry Scrubbers (CDS)
- Activated Carbon Injection (ACI) Systems
- Dry Sorbent Injection (DSI) Systems
- Selective Catalytic Reduction/Selective Non-Catalytic Reduction (SCR/SNCR)
- Regenerative Thermal Oxidizers (RTO)
- Regenerative Catalytic Oxidizers (RCO)
- Wet Electrostatic Precipitators (Wet ESP)
- Wet and Venturi Scrubbers
- Fabric Filters/Baghouses
- Cartridge Collectors
- Nuisance Collectors
- Air-to-Air Heat Exchangers
- Cyclones
- Multi-clones

What Sets LDX Solutions Apart

- Turnkey Projects
- Accessible Single Source Provider
- Efficient Operation
- Superior Technical Knowledge
- Superior Technical Solutions
- Innovation - Specializing in Unique Needs
- Cost Effective Value
- Cooling Systems
- Wet and Dry Solutions
- Waste Water Systems
- DOC - Dustex Online Cleaning

What our customers have to say...

"There is a good reason to select LDX Solutions. LDX Solutions takes good care of their customers!"

- *client in California to his contractor*

"LDX Solutions is here and they are very good."

- *engineer in Puerto Rico to his plant manager*
